Their power over the above Diseases is not exceeded, if equalled by any other preparation in the United States, as the cure is still, in many cases after skillful Physicians had failed.

These Bitters are worthy the attention of invalids. Possessing great virtues in the rectification of the liver and lesser glands, exercising the most decided powers in weakness and afflictions of the digestive organs, they are, without fail, certain and pleasant.

From the Boston Bee.

The Editor said, Dec. 21—Dr. Hooiland's Celebrated German Bitters in the cure of Liver Complaint, Jaundise, Dyspepsia, Chronic or Nervous Disease, is one of the most popular medicines in the day. These Bitters are sold by thousands, and a friend at our elbow says he has himself received an effectual and permanent cure of Liver Complaint, from the use of this remedy. We are convinced that, in the use of these Bitters, the patient constantly gains strength and vigor—a fact worthy of great consideration. They are pleasant in taste, and easily digestible by persons with the most delicate stomachs with safety, under any circumstances. We are speaking from experience, and the evidence we adduce will speak for itself.

"Scout's Weekly," one of the best literary papers published, said, Aug. 23—Dr. Hooiland's German Bitters, manufactured by Dr. Jackson, are now recommended by the most prominent members of the faculty as an article of much efficacy in cases of Liver Complaint, and are used by physicians to avail all mothers to obtain a tonic, and thus save themselves much sickness. Persons of decided constitutions will find these bitters advantageous to their health, as we know from experience, the salutary effects they have upon weak systems."
